Provide yourselves with a bottle of PAINKILLER at this season

of the year, when summer complaints are so prevalent, it is a prompt,

safe, and sure cure. It may save you days of sickness, and you will

find it is more valuable than gold. Be sure you buy the genuine

FERRY DAVIS PAINKILLER, and take no other mixture.

CORNBURY, ONT., March 3, 1880.

I have been selling Perry Davis' Painkiller for the past six years, and have

much pleasure in stating that its sale has been larger than any other

patent medicine that I have on my shelves, and in those years I have never had

a customer say that he had not the highest praise in its favor. It is an article that

seems to have continued in it all that goes to make a first-class family medicine,

and as long as I have a house and store, Perry Davis' Painkiller will be found in both.

Yours, &c.,

Blaine's Missionary Tour.

SPERMED RESULTS TO THE N. P. PARTY IN
THE MARITIME PROVINCES.

Some time since we called attention to
the good work accomplished by Mr. Blaine
during his missionary tour of the Maritime
Provinces, and the splendid success he
has rendered the cause of the N. P.

Wherever he went the result of his speech-
es was to induce the people to go into every
branch of industry that he had been de-
monstrating—sugar refineries, cotton and
wool mills, etc.

We did not at the time, however, fore-
see the political result of his tour. It was
the Liberal Conservative party in the
Maritime Provinces. He did more for us
than we could have dreamed of.

SPECIAL SALE OF SLIGHTLY DAMAGED DRY GOODS. GREAT BARGAINS.

These goods, which we advertised last week, have now come to hand, and are very much better than we expected. The principal part of what was supposed to have been damaged by water has been supplied to the outside of the pieces, and many of the white goods are as good as new. We shall sell these goods at less than original cost, as they are well worth regular retail prices. Please call early, as they will be sold out at once.

The Belleville Cricket Club challenged the Napus Club to play a match tomorrow, but the latter Club was unable to play on that day. It is probable that the two Clubs will measure strength some day next week.

An unusually pleasant time is anticipated at the garden social in the grounds of Rev. J. W. Burke, this evening. In addition to other attractions, a band of music, which has been practicing for the occasion, will be present.

Mr. C. TUTT, painter, fell off the scaffold of a new building near the new driving park, yesterday afternoon, and sustained serious injuries. One of his shoulders was dislocated, and his face and head were badly cut and bruised.

A VERY SUCCESSFUL Orange demonstration was held at Holloway yesterday, at which about 500 persons were present. Shouting and effective addresses were delivered by Messrs. P. R. Daly, W. B. Northrop and Joseph C. Ross. The meeting was presided over by Hallie Ross, Esq.

Extensive improvements are being made in the interior of the Midland way station here. The agent's office is being enlarged, the station is being painted throughout, and other improvements made which will completely change the appearance of the interior of the building.

JOHN BURROWS, the man who was accused of shooting young Scott of the steamer Alexander at Trenton last Sunday, and thereby causing his death, has been committed for trial on a charge of manslaughter. He is now in the County Jail, and it is doubtful whether the Judge will accept bail for his appearance.

We learn that Mr. Hunsman has secured an interest in the Dry Dock business of Messrs. Brignall & Thompson. Both Mr. Hunsman and the firm are to be congratulated for the arrangement will no doubt be mutually beneficial.

Mr. Hunsman is a fairly young man, but besides being a complete master of his business, and will prove a source of strength to the firm.

The reports in the morning papers that the operations of the British fleet before Alexandria were almost entirely suspended on the 12th. The harbour was being rendered effectual firing uncertain, and Arabi and his officers succeeded in frittering away a large portion of the day in negotiations with the British fleet.

The staff officer who conducted the negotiations reports that large bodies of Egyptian troops were marching out of the city in heavy marching order, and subsequent events confirm the belief that an evacuation of the more exposed defences was contemplated. In conversation a member of Arabi's staff acknowledged that their troops had lost heavily.

ALEXANDRIA, July 13, 7:40 a.m.—At daylight this morning, a flag of truce was flying at the El El palace.

The Helwan, with a flag of truce flying, and the Invincible, Monarch, and Peleus are now steaming into the inner harbor. The remainder of the squadron are outside steaming about.

The fire in the town greatly extended during the night.

The Turkish vessels are still lying off Alexandria. There is a heavy sea on.

We shall sell these goods at less than original cost, although they are well worth regular retail prices. Please call early, as they will be sold off at once.

RYAN & ROSSIGNOL'S Circus pitches its tents here to-morrow. It may safely be predicted that a fine performance awaits those who intend to patronize the circus.

The Albany Evening Journal of the 13th June says of it: "The best circus that has appeared in this city for years, in fact since the days of the old New York Circus, is that of Ryan and Rossignol."

A hearty moonlight excursion to Massena Point will be held on Thursday evening next on board the *Nellie Culbert*, which will leave her dock early at 7:15. Phonix Hall will change hands on the 1st of August.

A STRANER case was ventilated at the Police Court this morning. The complainant was a rustic looking swim named John Ryan and the defendants David Smith and Aaron White. It appeared from the evidence that Ryan came, rather the worse of liquor, into the Windsor House last night, and soon got on friendly terms with the waiter, who was young one being not averse to taking a drink. Ryan treated and pulled out a \$10 bill to pay for the liquor. Smith and White took it to him, and Ryan said he would not only lend him the note, but a hundred like it. So then took it from his hand, and a minute or two afterwards Ryan demanded his \$10 bill back. Ryan, far from giving it back, Wright drew a revolver, and said he would shoot anyone who interfered with him. Ryan then went to the police station, and laid a complaint, upon which Officer Cook came over and arrested Smith and White after a hard struggle. The hearing of the case occupied nearly the whole of this morning, the result being that the prisoners were dismissed.

THE WAR IN EGYPT.

HOLY PROCLAMATION.

BRITISH SENTINELS SHOT.

ARABI'S TROOPS ENTRENCHING.

(From the Mail Special.)

ALEXANDRIA, July 17.—The *Immelmann*, *Monaghan*, *Sutton* and *Townsend* have arrived from Cairo to prevent Arabi's troops cutting the telegraph. The white flag was hoisted directly the ships appeared.

One of the Khedive's body guard who rode to Cairo to deliver a proclamation on a reconnaissance was galloped off and joined Arabi Pasha.

Arabi Pasha's army is strongly posted. All the British troops lately hovering around the city have disappeared. Arabi has written a long letter in reply to the Khedive's demands, and which the Khedive declared unsatisfactory.

Arabi has not yet consented to meet the British powers as determined to force an attack, he considers it better to fight on his own terms.

He expressed willingness to come to Alexandria if the Khedive withdrew the British troops and troops in withdrawal. If the Khedive consented to this, Arabi recommends him to appoint a minister to the camp to discuss the situation.

Refugees from Cairo report that a holy war is being proclaimed, and that the Europeans are being massacred in Tanta, Manshara, and Zagazig. 16000 men have been killed at Zagazig.

It is reported that two British soldiers were shot last night by Arabi with Remington rifles.

Arabi's troops were entrenching yesterday, but seemed to lack proper implements.

The people of Egypt appear to be preparing for a great war. Strong measures are being taken for the families, and the old men, children, and women are moving toward the borders.

Arabi's forces are flocking to the ranks of the fighters, great numbers have joined Arabi's forces at Damietta. As Damietta the force of Arabi seem to be well disciplined and provided for fighting, the troops are regularly drilled, and the equipment is being improved.

THE UNLOVED WIFE

By Mrs. S. E. A. ROBERTSON.

when constantly seen together. They were

disseminated, and well combined, that they

actually attracted each other's attention.

embrace of her husband, and the

same mysterious glow which had

been in her face, and which had been

woman was about to bestow her hand and

fortune upon an ancient American states-

friends obtained admission for herself and

progeny to the queen's gallery in the

point witnessed the imposing ceremony.

WELLSTON, TUESDAY, JULY 25.

City and Vicinity.

The police did not see any light night. The School Board will meet this evening.

The Oddfellows have five engagements this week.

Mr. J. M. METCAL, M. P. for Kingston, was in the city to-day.

Work began to-day at Peterborough, on the Ontario & Quebec Railway, we are informed.

There was no meeting of the City Council last night, there not being a quorum present at 8 o'clock.

Mr. RALPH GARRATT, now of New York, is in the city on his annual visit to his relatives and friends.

The new Herndon Company will perform in the Metropolitan Hall on the 29th, 30th and 31st of September.

Mr. J. S. CROFTERS, has been awarded the privilege of supplying refreshments at the G. T. R. picnic on Saturday.

A meeting of the "Troublers" Base-Ball Club should have been held last night, but was postponed until to-morrow evening.

We were shown this morning a stalk of rye, grown on the farm of Simon Hall, Huntington, which contained 118 grains.

There are at present 100,000 feet of timber at Hastings, and 30,000 feet at Van-burne, awaiting shipment over the G. T. R.

No fire engine was out working last evening for the purpose of testing the new section, just received from Montreal. It worked admirably.

Will arrive for Friday, Salmon, Mackenzie, Hadden, Odo, Lobsters &c, fresh from the sea. White fish and Trout, commencing on hand. E. A. Robbins, Fish and Game Market, Front Street.

Two barges with 672 tons of steel rails arrived here last night. The rails are to be laid on the G. T. R. line between Belleville and Striding. About 1,000 tons more will be laid on this line.

We have it on the best authority that the report that reached this paper that the corner stone of the new Methodist Church of Campbellville was robbed of its contents was true. The bottle was removed from its place, simply that it might be more effectively sealed.

A team of horses belonging to Mr. J. A. Sheffield, of the 9th constituency of Thurston, was on Saturday evening. Mr. and Mrs. Sheffield, who were in the wagon at the time, were thrown out, and Mrs. Sheffield had a thigh bone fractured. Dr. Willson set the injured limb.

BENJAMIN SHIPPO, of Thurston, was brought before Ald. Dickson this morning charged with assaulting his wife. He was convicted, fined \$5 and costs, and bound over to keep the peace with Mrs. S. and Mrs. Watkins, charged with using abusive language. Stephen Gerrard, was fined \$1.00 and costs.

PATRICK McDONALD, who fell from an upper window of Fitzpatrick's Hotel on Sunday night, continues to improve, and no symptoms of a serious nature have developed since he was first treated. Dr. Willson discovered to-day that one of the bones of the right forearm had been fractured, as well as the left arm.

Mr. AFFERY, the Guelter, informs us that the reason why he refused to accept the money from Mr. E. Britton, and procured it elsewhere, was that the most furnished by E. Britton was tainted and much more than the usual proportion of bone. He conferred with the Warden on the course he had taken, and the Warden approved of it.

CANADIAN FARMERS will be interested to learn that from the seed of the Early Amber sorghum there can be made a splendid article of household flour; or, which is the same thing in these days, that one person in a million could tell the four made from sorghum seed from that from buckwheat. The sorghum flour is in fact the better of the two, as it does not, to the same extent as does buckwheat, furnish the consumer of griddle cake with the back of his knife against the griddle.

An exciting race took place on the bay yesterday, between the steamer *Hero* and *Frederick*. The two boats started together from Kingston, and the *Frederick* beat the *Hero* in the race to Pictou; they started together again from Pictou, and the *Frederick* arrived first in the Belleville harbor, thus proving her the fastest boat on the bay.

We are pleased to learn that the Car Works project is by no means dead, but has only been in a somnolent state during the past few weeks. Mr. S. C. Clark is attending to Toronto, in a day or two, the documents necessary to secure a charter of incorporation. As soon as the charter is signed, steps will be taken to secure the necessary capital for the stock still remaining unabsorbed for.

The Voters' List Court was opened this morning at Kingston, Ontario. When the Court adjourned at 12 o'clock, twelve cases had been considered, of which nine were disposed of and three were laid over for further consideration. One fact which is worthy of notice is that an application was made on behalf of Rev. Mr. Turnbull to have that gentleman placed on the Voters' List as a voter on income.

A meeting of the School Management Committee of the Board of Education was held last evening. The subject of the appointment of a Head Master for the Central School and an assistant teacher for Ontario School was the only important business brought before the Committee. Sixteen applications for the first position and thirteen for the second were read. It was decided to recommend the appointment of Miss Lyons to the vacancy in the Ontario School, and to recommend the acceptance of one of two applications for the Head Mastership, between which the Committee was unable to decide.

The Kingston *Free Press* makes little ridiculous attempt to criticize the action of those who went from Belleville to give evidence in the Wiloughby trial at Brampton. "Three Bellevillians," it says, "were summoned to testify against the Rev. Mr. Wiloughby, that they believed he was not above kissing the ladies of other congregations and had indeed done so. They would have been as much thought of if they had kept their gossip to themselves." The writer of this article, who is unable to know the difference between gossip and evidence. Before he sets himself up as a censor he should procure a dictionary and denote his spare time to his pen.

The picnic at Niagara, last Saturday, was a great success. The large number of people who were present, and the success of the picnic, has been made. The success of all the picnics and excursions given by the railway employees in past years is an earnest of the success of Saturday's picnic.

The date fixed for the reception of tenders for the Quebec Provincial loan of \$1,500,000 expired on Saturday. It is claimed in Montreal circles that the application was largely exceeded the amount asked for, the tenders for Canada alone being \$500,000 in excess of the amount to be placed. Three firms in London offered to take the entire loan on their own responsibility.

THE WAR IN EGYPT.

Arabi's Position Untenable.

MR. GLADSTONE'S STATEMENT.

The Staff of the British Expedition Force.

LONDON, July 24.—Arabi's position at Kaff-d-Dra is now untenable, being maintained by British guns.

In the House of Commons Mr. Gladstone moved for a vote of censure to the British expedition. He defended the action of the Cabinet, and pointed out the necessity which existed for the British expedition in Egypt and maintaining the neutrality of the Suez Canal. In the last named paragraph he is in complete union with France, which supplies a force of 6,000 men for the protection of the canal. Further than this, however, the French Cabinet will not participate in the expedition. Mr. Gladstone stated that the expedition would consist of 2,400 cavalry, 14,000 infantry, 1,700 artillery, and 3,700 garrison artillery. A consular force of 3,000 men would also be sent.

It is known that two of the Khedive's Ministers are in constant communication with Arabi, and their disposition and arrest has been recommended by Admiral Seymour.

Her Majesty has sanctioned the appointment of the staff of the British Expedition.

The Duke of Connaught will command the Household Brigade.

It is reported that a large number of Christians have been massacred at Smyrna.

A proclamation was issued in Cork, Ireland, last night calling the first class of the reserve to assemble before the 22nd of August.

THE UNLOVED WIFE

BY MRS. R. M. SOUTHWORTH

Lillian and Monsieur Le Grange appeared

in the parlour equipped for their journey

at the same moment that the day from the

hotel drove up at the door.

I shall return as soon as possible, madam,

said the man, and he bowed and retired.

Lillian looked at her husband with a

with my letters," she said.

The travellers then left and departed

on their journey.

Lillian was distant five miles from the

nearest railway station, and it took the

conductor five minutes to reach the

station. Lillian was alone in the house.

By Mrs. E. D. R. BOUTWORTH.

"Ah! but here is one for you, dear,"

"dearest to my soul! I am sorry I did

not tell you of it sooner, but I have

given it to you. It bears the New York

postmark, and is perhaps from the good

old world, I think, I believe it is a

correspondent in the world, I think it is

a good one, and I have the letter of

Lith, the same agency forwarded to

claim it."

And while Madame Von Brugg opened

and glanced over her own lithograph

correspondent, Lillian opened and read

the letter.

New York, October 21, 1882.

My dear child, I take this favorable

opportunity to write to you to inform you

that we are all in good health, thanks to

the gracious Lord, and hoping that the

letter may find you and the happiness

enjoying the same rich blessing.

My dear child, I have not received any

letter from you since I wrote to you last

September, and I think your letter of

shipped. Oh, do write to me and tell me

THE UNKNOWN WIFE

By MRS. E. D. SOUTHWARD.

CHAPTER XVII.

ARRIVAL OF THE LETTER.

That letter and that ticket were destined never to be sent!

One morning, while Madame Von

Brayn, Lillie Howard, and Monsieur Le

Brayn, were sitting at the breakfast

table, a letter was brought in on a silver

tray, and handed to the lady.

"What is the matter?" inquired the

lady, looking at the letter.

"My relative from New York has arrived,"

joyfully exclaimed Lillie.

"I am glad to hear that," said the

lady, looking at the letter.

"Where have you shown the gentleman,

Herr?"

"Into the small salon," replied the

lady, looking at the letter.

"Quite right, attend Madame Von

Brayn, do not keep your friend an

moment waiting," said the baronesse,

sympathetically.

The young page opened the door for

him to pass, and then closed it behind

him.

Mr. Alfred Anstetter, of New York, stood

in the middle of the bright room,

looking at the image of his wife, who

was seated at the breakfast table.

"What a beautiful woman!" he

exclaimed, looking at the image.

"Oh, thank Heaven that you still live!"

"Thank me to the Lord that I have

not died!" he exclaimed, looking at

the image.

"At last! Oh, at last you are

restored to me, almost from the grave."

"With what happy chance did you

find me?"

"I will tell you, my dear, later."

"And how is dear Aunt Sophie?"

"She is well, thank you."

"You must judge for yourself, darling."

"Look up! There is a shadow on

your face."

"Lillie lifted herself from the sofa and

turned her head to look at her

husband.

"What is the matter?" she

asked, looking at her husband.

"Nothing," he replied, looking at

the image.

"Lillie led her to a seat on the sofa

and sat down beside her, holding her

hand, and looking at her with a

look of anxiety.

"How come it that I have the

feeling that I was yesterday evening

that I got you?"

"I was not so sure of it," he

replied, looking at the image.

"And all in such a hurry, too! I

was not so sure of it," he

replied, looking at the image.

"I was not so sure of it," he

replied, looking at the image.

"I was not so sure of it," he

replied, looking at the image.

"I was not so sure of it," he

"Well, child, he is rich—rich, rich!"

And they are so married, that spring

he is a building of a fine new house—
